

Leica Geosystems Service Center Authorization

Leica Geosystems AG, Heerbrugg (Switzerland) confirms, that the Service Center of

Saudi International Trading & Marketing Ltd., Dammam, Kingdom of Saudi Arabia

is authorized to perform maintenance and repair work on products of Leica Geosystems AG.

The Service Center is authorized to issue calibration certificates in accordance with our highly approved standards.

This authorization is based on a successful audit of the Service Centre performed by Leica Geosystems AG based on the following principles:

- Technical service staff has successfully passed Leica Geosystems' product specific service training
- Leica Geosystems' product specific work instructions are strictly observed
- Only Leica Geosystems' original spare parts may be used
- Only Leica Geosystems' product specific tools, jigs and installations may be used

This authorization is valid until 20th February 2021 *

Leica Geosystems AG

21st February 2018
